

## The Edina Education Fund

Since its inception in 1995, the Edina Education Fund has provided funds for programs that enhance the quality of education at Edina Public Schools. Through programs such as individual teacher grants and broad-reaching curriculum support in partnership with the District, the Edina Education Fund makes a difference for students of all ages at all district schools.

The Edina Education Fund's efforts are made possible by a generous and involved community of donors. This Donor Walk is a visible way to recognize that vital community.

## Reserve Your Personalized Paver Now!

For a limited time, the Edina Education Fund has the opportunity to help Edina Public Schools through offering personalized pavers to our community of donors. These pavers will be permanently installed in the new Fick Plaza, a beautiful outside gathering space at Edina High School designed for use by the entire community. This visible gift is a wonderful way to honor family, students, alumni, special teachers or friends.

## Fick Plaza at Edina High School

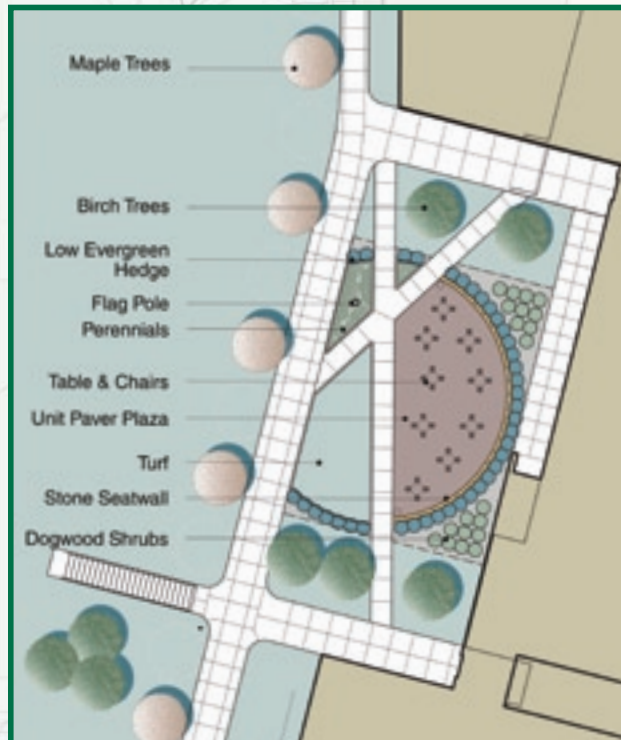

Fick Plaza lies on the west side of Edina High School, midway between the main entrance and the theater entry, overlooking the athletic fields. Designed as an outdoor gathering space,

it will feature many varieties of trees and perennials, as well as provide seating for students, family and friends. The Edina Education Fund is thrilled to have the opportunity to offer these personalized pavers as part of this scenic public space.

## About the Personalized Pavers

Each paver will be 12 inches square and made of tinted concrete. The pavers will be engraved with up to 60 characters. Inscription letter size will be determined by the length of the inscription.

There are 1400 pavers planned for Fick Plaza, and they are available only through the Edina Education Fund on a first-come, first-serve basis.
